

CHAIRPERSON'S MESSAGE

In the last one year, due to some technical reasons we could not publish JIR on regular quarterly interval, so now we have come up with combined volume of the Journal of Indian Research for the year. We extremely regret for interruption.

The current issue of the Journal of Indian Research (JIR) has variety of thought-provoking papers from interdisciplinary areas ranging from engineering, management, and social issues. We have been receiving quality papers from dozens of Institutions, organizations, Universities from India & abroad.

Journal of Indian Research (JIR) is the flagship journal of the Mewar University, featuring articles that advance the empirical, theoretical, and methodological understanding of education and learning. It publishes original peer-reviewed analyses that span the field of research across all subfields and multidisciplines.

JIR welcomes submissions of the highest quality, reflecting a wide range of perspectives, topics, contexts, and methods, including interdisciplinary and multidisciplinary work. JIR's success depends in large part on the expertise and goodwill of its valued reviewers, who give their time to ensure the journal, continues to publish the very best papers in educational research from around the world.

We welcome the opportunity to expand our reviewer community and invite colleagues with an interest & expertise in their subject to reviewing research paper. Readers are encouraged to send commentaries, comments, and evaluative book reviews.

JIR seeks to encourage a scholarly exchange between researchers from any field of study and will include both theoretical and empirical articles, with priority being given to high quality theoretical and empirical papers that have managerial or public policy orientation as well as ramifications for entrepreneurship research. It is dedicated to furthering knowledge in the application of information technologies to human organizations and their management and, more broadly, to improving economic and social welfare.

We are thankful to global thinkers, academicians, scientists and research scholars for contributing their valuable research papers. Main vision of the Mewar University and JIR is to establish an interdisciplinary research environment, commitment to provide quality research and innovation.

On behalf of the Board of the journal and Mewar University, I extend my New Year greetings to all of you. We look forward for a vibrant and awesome year ahead.

Dr. Ashok Kumar Gadiya
